The motion carried with Dr. Devereaux and Mr. Salati opposing.

COMMITTEE REPORTS

APRN Committee – Megan Williams

Dr. Williams reported that the APRN Committee met in August and discussed developing an FAQ for the implementation of the rules and regulations changes. The FAQs should help answer most questions involving the changes. They will be discussing this further at their next scheduled meeting.

The APRN Committee made a motion to approve the appointment of Dr. Ronald Castaldo to the Committee. This does not need a second motion since it originated from committee; the motion carried unanimously.

PRESIDENT'S REPORT

Ms. Tyranski reported her attendance, along with Drs. Mack and Devereaux, to the NCSBN Annual meeting that was held in Chicago. It was a fact-filled meeting with discussions on the new enhanced compact license and how it will impact compact licensees in Delaware and surrounding states.

Ms. Tyranski stated that the NCLEX RN exam changes are being closely monitored and the PN test plan changes for 2017 are undergoing edits for currency and clarity. The NCSBN Board has charged its Nursing Education Outcomes Committee to include in their scope the identification of metrics and recommend additional methods to measure competencies for new graduates.

Ms Tyranski reported that speakers from the World Health Organization and Harvard University focused on supporting Boards of Nursing in order to prepare for the globalization of nursing and health care. They stressed that boards need to periodically evaluate priorities, strategic plans, and to focus on the issues related to nursing education, best practices, safe outcomes, and patient access.

Ms. Tyranski advised that the Cannabis Committee has been renamed to the Marijuana Regulatory Guidelines Committee. The DEA has not re-scheduled marijuana and it remains a Schedule 1. The use of medical marijuana is evolving as more research is being conducted. The new committee is working on guidelines for prescribing as well as identifying nurses working while impaired.

Ms. Tryanski congratulated Dr. Pamela Zickafoose, former Executive Director and Board member, for being inducted as a Fellow into the Institute of Regulatory Excellence.

EXECUTIVE DIRECTOR'S REPORT

Dr. Mack passed out copies of the news release from NCSBN pertaining to Dr. Zickafoose and stated that the NCSBN Institute of Regulatory Excellence is open to all nurses.

Dr. Mack reported that executive officers met to discuss how other boards work with international candidates for licensure. They are looking at congruency among different states and countries as to how to evaluate competencies for licensure in the United States.

Dr. Mack thanked Ms. Darling for her recommendation of Sharon Kleinfelder as a candidate to participate in the NCLEX-RN Practice Analysis Panel and the NCLEX Knowledge, Skills, and Abilities SME Panels. NCSBN accepted the recommendation from Delaware Board of Nursing.

Dr. Mack reported an emergency suspension occurred July 21, 2016 on licensee Allison Fayock. Kenneth Weichert was suspended after his reinstatement for non-compliance with RBH. Krystal Laurin had her

license changed from suspended to probation on July 28, 2016 upon consultation with the DAG and according to the Board Order from January 25, 2016. Dene Campbell had her probation lifted September 12, 2016 and returned to active status upon consultation with the DAG. Mercy Ngenevu had her probation lifted September 13, 2016 and returned to active status upon consultation with the DAG. It was reported that there are 42 nurses currently enrolled in the RBH program.

The school nurse believes that she should have the physician's order to verify accuracy of the medications given to the student but this has not been consistent practice in schools. Ms. Singh reminded the Board that they should not give advisory opinions on operational matters, and to refer her back to the Department of Education for clarification of their operational policies and procedures.

Ms. Tyranski noted, however, that on occasion in the past the Board was asked to provide statements or support regarding pending legislations introduced by other agencies, which had direct impact on nursing practice; in those cases, it did deem it appropriate to deliberate and issue its position statement. The requests are evaluated individually.
